from the G.O, on purpose.
The D P H does not state the difficulty
if any, involved in the existing procedure.
He has in fact made a proposal
for extension of long leave benefits to
the Vaccinators with over 5 years of service.
It is under consideration in the G R B.
Even if they are treated as local
officers, there could be no objection to
the agency, under whom they serve, granting
them leave, by a proper delegation,
provided substitutes could be found.
Where no substitutes are available
the D P H may be consulted when leave applns come up
for this purpose, a modification of the
G O of 1-3-27 does not appear necy.

7 Rules issued in G o dated 1-3-27 for regulating the recruitment, pay leave Etc of officials of Town and Minor Municipal Councils are based on the conditions prescribed in G.O. dated 19-2-1925 Under these rules the presidents of the Local Bodies concerned should take the services of the Vaccinators on loan from the Public Health Dept; and the rules require that he should grant leave to the vaccinators if the leave exceeds four months The D P H has reported these facts but he has not explained whether if there is any real difficulty in this arrangement and why it should be changed -- As appointments of Vaccinators are of Technical or professional nature it is perhaps necessary that he should have control on them. If his recommendation is sanctioned, the Local Bodies will be empowered to appoint the Vaccinators instead of taking them on loan and it is not clear how it will add to the

efficiency and improve matters. He may perhaps be requested to make these points clear

Km

8 The question has been examined with reference to the original file leading to the G O of 1927. The exclusion of Vaccinators from the operation of Clause 1 of the G O seems to be purposive & not casual. The D P H's proposal is to include the vaccinators. Whatever the reasons for the exclusion in 1927, the science of vaccination has since been simplified considerably and no great risk would be run in entrusting the full control of the establishment of vaccinators to the local bodies. S/ -

9 However, the reason adduced by the D P H for the inclusion of vaccinators in the exemption clause is not strong enough to justify a change.

10 With a proposal separately under consideration to revise the pay of the Vaccinators & provincialise the cadre, there would be no meaning in rushing into a half-way reform at this stage, and that for the purpose of granting leave.

11 As long as leave allowances of such vaccinators are borne in full by the local bodies concerned and the local bodies could make their own arrangements for substitutes, there is absolutely no objection to the bodies granting leave to vaccinators in excess of 4 months limit permitted by the G.O of 1927. It is enough if such an authority is delegated to the local bodies just now without attempting any material modification of the G.O of 1927, as noted at para 5 above the Comptr may also be consulted D.O.

20) The G.O dated 1 3 1927 Flag Z was passed about 15 years ago. No difficulty or inconvenience has so far been expressed either by the Town or Munl Cls in the State or by the Director of Public Health in its working. In fact the Director states that the present case viz: the application of the Vaccinator of the Hassan Town Mcl for extension of leave is the only solitary instance which has come up

to him for sanction during the last 15 years. That is proof in itself to show that the ML Cls have been unwary in exercising powers in regard to the granting of leave etc to this class of officers in Mlts

21) The practice till now has been that each ML Cl — either city, town or minor — appoints its own vaccinator promotes him and retires him. It is the case with the Distt Board Vaccinators also. The Director of Public Health has at present no powers of appointment or promotion & no manner of control over them except in cases where they have stayed in one place for more than four or five years. The DC requests the Dr of P.H. to transfer the vaccinators to some other place. The Distt Board Presidents are however very jealous of their powers and do not allow the Director to interfere with the vaccinator.

22 Under the provisions of the G.O dated 7.3 1927, all appointments made in Town & minor MCs are to be treated as those taken on loan from the Local Department of Govt concerned — technical

and non-technical. Some exceptions have been enumerated in rule 1 of the rules issued with the said G.O. The appointment of vaccinators are not also included in a cadre and provincialized as has been done in the case of the Sanitary Inspectors whose appointments are made by the Dir of P.H. in a running grade Rs 25-1-35-2-55-4-87 and posted to the several Mlties. Their services are treated as loaned to the Mlty concerned.

ii) In the case of the vaccinators, the Dir of P.H. feels that the power of granting leave etc may be given over to the ML Bs concerned, by merely including the "vaccinators" under the exception to the rule referred to above. This proposal is intended to accept and confirm the practice now obtaining in this respect all along in ~~respect~~ regard to vaccinators employed in the [illegible] Mun ML Bs. It is hard to say now why this appointment was not included in the G.O. or the rules when issued.

iii) The question of revising the scales of pay of vaccinators in Mlties & Dist Boards is under consideration separately & after orders are passed thereon

the question whether the services of Vaccinators may be included in a cadre & pensionalized may be considered in consultation with the Presidents of Distt Boards and the M Cs in the State

25) In the meanwhile, the proposal of the ~~Act~~ ~~M~~ Dir of P H to include the Vaccinators under the exception to rule 1 of the rules issued under G O dated 7 3 1927 — which is a practical one — may perhaps be accepted

Adverting to Government Order No L 6052-125/Ml 158-26-1 dated 1st March 1927 sanctioning Rules for regulating the recruitment, pay, leave, punishment, transfer etc , relating to officers and servants of Towns and Minor Municipal Councils in the State, I have the honour to state that the first para of the Order lays down that officers and servants in Government Service shall ordinarily be employed by the Town and Minor Municipal Councils for all appointments but exception has been made in respect of certain appointments The appointment of Vaccinator does not come under this exception

According to the above Government Order, the Vaccinator employed under the Municipality has to be considered as a lent official and leave exceeding 4 months has to be sanctioned by the authority competent to sanction the loan of the services of the official

I may state that no application for leave of any Municipal Vaccinator has so far been sent to this Office, as required under the Government Order quoted above except one from the Hassan Municipal Council

One Vaccinator, Syed Adam who was working in the Bangalore District Board was transferred to Hassan Town in consultation with the President, Bangalore District Board and the Hassan Municipal Council The Vaccinator subsequently applied for leave and was on leave from 11th March 1941 The

The first period of leave for 2 months from 11th March 1941 was sanctioned by the President, Hassan Municipality and the extension application for 4-months' leave from 11th May 1941 was forwarded by the President, Municipal Council, Hassan to this Office for sanction

As the Vacciraters establishment in the State has not been provincialised as in the case of the Sanitary Inspectors, the President was enquired whether the Municipal Council was not competent to sanction the extension The President in reply quotes the Government Order of 1st March 1927 noted above The Comptroller, who was consulted in the matter, intimates in his No 245/B2 dated 14-10-41 that the leave has to be sanctioned by this Office and that Government may be addressed to include the Vaccinators also under the list in para 1 of the Government Order Copies of the letter of the Comptroller and the reply of the President, Hassan Municipal Council are enclosed for the information of Government

I, therefore, request you to be so good as to obtain and convey sanction of Government for the inclusion of the Vaccinators under list shown in para 1 of Government Order No L 6052-125/Ml 158-26-1 dated 1st March 1927
